#### AMAZING TESTIMONIES

Believers in reentry are being equipped to serve in the local church, community, and thrive as returned citizens & testimonies of the gospel's redemptive power. Testimonies and ministry leaders will be highlighted. There will also be special guests, such as Dr. Don Davis from The Urban Ministry Institute.

#### MINISTRY & COMMUNITY NETWORKING

We had an amazing first ever Testimony Reunion last year. This brought system impacted believers and allies together from all over CA and beyond to seek gospel-centered justice together. Testimonies and urban ministry leaders will share what God is doing through their ministries so we can all learn more ways to support each other and serve together. We are expecting God to do greater things this year!
